

Schifoan / CytoSorb, a geile Therapie

DEUTSCHE Version (ENGLISH translation below)

Am Freitag auf'd Nacht
A Anruf kam rein
Er steigt in sei Auto
An Steiner wird's g'frein

Und liefert sein Carstock
Ins Kreis-Klinikum
Die ham an Patienten doch keine Adsorber, wie dumm

Denn er woit
Schifoan.....
Denn Schifoan is des leiwandste (großartigste), doch CytoSorb a geile Therapie

In der Früh a ruft er glei an Obearzt an
Damit er erfährt, was hat sich in der Nacht getan
Die Vasopressoren san deutlich reduziert
Sein Einsatz am Abend er hat sich voll rentiert, Jawoi

Er woit zwar Schifoan.....

Ja, wenn a Sturm herrscht, die Zytokine,
Wann's IL-6 ganz wuid im Körper tobt
Hilft der Adsorber, man mag es kaum glaub'n
Doch alle die zweifeln, soll'n bei eig'ne Patienten schau'n
Schifoan....

Am Sonntag auf'd Nacht
Der Arzt ruft ihn an
Er wirkt sehr begeistert, ja sehr angetan
Will's weiter versuchen, will's öfter probieren
Man soll ihm für Montag an 12er reservieren
Schifoan....

Skiing / CytoSorb, a superb therapy
ENGLISH translation

On Friday at night
A call came in
He gets into his car
Steiner will be very happy

And delivers his Carsstock
To the district hospital
They have a patient, but no adsorbers, how stupid!

He actually wanted to go
Skiing.....
As skiing is so great , but CytoSorb a superb therapy

In the morning he calls the doctor
So that he can find out what happened that night
The vasopressors significantly reduced
His efforts in the evening have fully paid off in full, Yes

He had actually wanted to go skiing.....

When there's a storm, the cytokines,
When IL-6 is raging all over the body
The adsorber helps, even if might not believe it
But for those who doubt, let them look at their own patients
Skiing...

On Sunday at night
The doctor calls him
He seems to be very enthusiastic, yes, very pleased
Wants to keep trying, wants to try more often
Wants to make reservations for a pack of 12 on Monday
Skiing....
